Celebrate Your New Baby On the Footprints Into The Future Baby Wall

The Rowley Family Birthing Center provides a unique way to have a lasting celebration on the birth of babies.

The *Footprints Into The Future* wall provides blue and pink tiles to be installed on the wall with the name of the infant and their date of birth. Multiple purchases are welcomed.

Located in a high visibility area just off the main lobby in the Rowley Center, the wall is located within the Mother Baby area, where parents and families enter and exit the unit to visit new moms and infants staying in the well-baby intensive care unit or the neonatal care unit. The wall includes tiles with positive and inspiration quotes about the importance of children in our lives by Henry David Thoreau, Paul Coehlo and Dr. Seuss.

To order a tile, please fill out the information below and mail to:

Orange Regional Medical Center Foundation

Your name/family name/"Grandma and grandpa, etc."

707 East Main Street			
Middletown, NY 10940
