Thank you for your interest in donating a gift to the children in our care! Your donation helps keep Orange Regional Medical Center’s playrooms stocked and helps to brighten a child’s hospital stay.

The following list provides suggestions for items that you or your organization can donate to the Child Life Program for pediatric patients at Orange Regional Medical Center. Please note, all items must be new and in their original packaging.

For more information, please contact Michelle Ferguson MS, CCLS, at mferguson@ormc.org.

**Surgery/Teaching Dolls**
- Children can learn about surgery and other medical procedures by play acting the experience with a doll as a patient. If interested, please contact Child Life for the pattern for making these dolls. Please note that we have a few wonderful groups currently helping to make these dolls. Donations of fabric would also be greatly appreciated.

---

The Orange Regional Medical Center Child Life Program does not charge for its services. Your in-kind gifts, as well as monetary gifts are always appreciated and will be used to directly support the pediatric patients and their families.

For infection control purposes and patient safety, we can only accept new toys and new stuffed animals. Many of our patients are infants and toddlers. Please avoid toys that have small pieces, sharp pieces, or fall apart easily. Also, please avoid cloth toys except for surgery dolls, as they cannot be cleaned. All items must be latex-free. Please be sure to attach your name and address to the donation.
